

Rume Odibo

Carer

Profile

Compassionate Private Caregiver with 6 years experience providing companionship and comfort for senior citizens and persons with disabilities. Trusted and professional with a caring attitude centered on treating all patients with dignity and respect. Specialized training with memory care issues. Looking to leverage a "partnership in care" mentality to assist families with their in-home care needs.

Work Experience

Jan 2019- May 2023

Private Caregiver

Private (Senior Citizen)

Provided in-home care 12 hours per day for a senior citizen, including physical care (lifting and bathing) and emotional well-being using expert knowledge of safety and body mechanics. Maintained patient progress notes for the family and care team with 0 incidents and a 100% satisfaction rating. Offered friendly and professional companionship including social activities 6-10 times per month. Executed cleaning, laundry, and meal preparation, ensuring patient followed their nutrition plan with an 85% success rate. Provided Art Therapy.

Career Objective

I'd like to relocate to a more conducive environment such as Britain, where I can reach my full potential as a care giver.
